

**Southeast Metro Stormwater Authority  
Public Improvement Permit**

**Surveyor's Certification**

(Submitted by permittee at Probationary Acceptance)

Stormwater PI Permit Number: \_\_\_\_\_ Date: \_\_\_\_\_

Case No.: \_\_\_\_\_

Project Name: \_\_\_\_\_

Project Owner: \_\_\_\_\_

Engineer of Record (signed approved CD's): \_\_\_\_\_

Engineering Firm: \_\_\_\_\_

I hereby certify that:

A Record Drawing field survey was conducted by \_\_\_\_\_ (Surveyor) on \_\_\_\_\_ (Date). All items noted on these drawings with an "RD" indicated Record Drawing information based on said survey. Record Drawing information is shown only for the items checked below. Unless explicitly marked with an "RD" constructed condition should not be assumed. All public improvements, as itemized in the Engineer's Cost Estimate and SIA, must be certified below:

- Detention Pond Volume
- Water Quality Capture Volume, List Facility \_\_\_\_\_
- Pond Structure
- Water Quality Enhancements, List Facility \_\_\_\_\_
- Open Channel
- Inlets
- Stormsewer, Flared End Section, Manholes
- Drop or Check Structure
- Conveyance Swale
- Other, List Facility \_\_\_\_\_

I, \_\_\_\_\_ (Surveyor), hereby state that in my professional opinion the Record Drawing information shown on these plans accurately represents the improvements constructed. Further, it is my professional opinion that the Detention and/or Water Quality Volumes, if checked above as being field surveyed, are consistent with the Pond Volumes depicted in the Record Drawings.
