## **8. Executive Director Report – Paul Danley**

- A printed copy of SEMSWA's response to the 2018 Audit Management Letter recommendations was distributed to the board. Paul Danley summarized management's responses to the recommendations and addressed the auditor's comments regarding an operating loss from the audited financial statement. An accounting loss as described by the auditors is not a complete and accurate picture of SEMSWA's financial health. The audited financial report for a given year does not include the accumulated, designated funds set aside for projects. This is why a few years ago we added pages at the end of our monthly financial report that track those funds. If operating funds in a given year were ever low, we would consider adjusting some of those project designations so that SEMSWA remains in good financial condition. Paul Danley noted that he and Kevin Collins would be working together to evaluate additional footnote disclosures within future audited Financial Statements to improve understanding of this issue.
- Paul Danley will be presenting the 2020 Draft Budget to the SEMSWA Board at the September 18, 2019 board meeting.
- The SEMSWA Finance Committee Meeting scheduled for Wednesday, September 11, 2019 will be cancelled.
