RESOLUTION 13-18

Authorization to Fund the Design of the Little Dry Creek Improvements from Xanthia to Yosemite

WHEREAS, the need for the Little Dry Creek Improvements from Xanthia to Yosemite (Project) is identified in the 2009 “Willow Creek, Little Dry Creek and Greenwood Gulch Outfall Systems Planning Study” report; and

WHEREAS, the Project area has experienced significant flooding in the past; and

WHEREAS, the Flood Insurance Rate Maps for the Project area have recently been revised to show residential structures along Davies Avenue west of Yosemite Street in the Little Dry Creek 100 - year floodplain as a result of the inadequate capacity of the existing culvert under Yosemite Street; and

WHEREAS, the Project will provide additional culvert capacity under Yosemite Street and remove the residential structures along Davies Avenue from the Little Dry Creek 100 -year floodplain; and

WHEREAS, the cost of the engineering design and related services for the Project has been estimated to be \$188,700; and

WHEREAS, SEMSWA has adopted a budget for calendar year 2013 subsequent to public hearing, which includes funds for the design of the Project.

NOW, THEREFORE, BE IT RESOLVED THAT:

1. The Executive Director is authorized to enter into contracts on behalf of SEMSWA for the design of the Project.
2. The funding for the Project is limited to \$188,700 without prior approval of the Board.
