RESOLUTION 21-10

Authorization to Fund the Design of the Dove Creek Channel Improvements

WHEREAS, the Dove Creek Channel Improvements (Project) were identified in the 2010 “Lone Tree Creek, Windmill Creek, and Dove Creek Major Drainageway Plan Conceptual Design Report”; and

WHEREAS, the Project is located north of Otero Avenue to Pond D-1 south of Broncos Parkway within the Dove Valley Business Park; and

WHEREAS, the Dove Creek has experienced increased erosion and degradation caused by increased runoff and storm flows; and

WHEREAS, SEMSWA desires to design and construct improvements for grade control and stabilization within the Project limits; and

WHEREAS, RESPEC has been authorized under an On-Call Authorization to begin work on the preliminary design alternatives analysis; and

WHEREAS, the cost of the engineering design and other design related services for the Project has been estimated to be \$99,961; and

WHEREAS, it is typical to budget the engineering design amount plus an additional ten (10) percent (\$9,996) to cover contingencies that may be encountered during design; and

WHEREAS, SEMSWA has adopted a budget for calendar year 2021 subsequent to public hearing, which includes funds for the design of the Project.

NOW, THEREFORE, BE IT RESOLVED THAT:

1. The Board authorizes the Executive Director to enter into a contract on behalf of SEMSWA for the design of the Project.
2. The funding for the design of the Project is limited to \$109,957 without prior approval of the Board.
