RESOLUTION NO. 48, SERIES OF 2007
(Authorization of the Orchard Valley Remedial Construction Project)

WHEREAS, Prairie Creek is a subdivision that was approved in 1998 and is located in the City of Centennial west of the intersection of Parker Road and Orchard Road; and

WHEREAS, local drainage through the Prairie Creek subdivision ponds at the inlet sump in front of residences at 6053 and 6063 South Eagle Street; and

WHEREAS, ponding depths in the past have exceeded 2 feet in depth; and

WHEREAS, construction drawings and contract documents have been completed by SEMSWA staff to alleviate flooding depths by creating an overflow swale; and

WHEREAS, the cost estimate of the project based on the construction drawings is \$100,000; and

WHEREAS, because of the size of the project, the nature of the work and the coordination required with local property owners it is desirable to bid the project among the Urban Drainage and Flood Control District's approved list of approximately 10 contractors who specialize in this type of work, and to award the project to the lowest responsible bidder; and

WHEREAS, the Board has \$100,000 in the 2007 budget to implement solutions to the flooding in the Prairie Creek subdivision; and

NOW, THEREFORE, BE IT RESOLVED THAT:

1. The Executive Director is authorized to advertise for bids and award and execute a contract for construction of the Orchard Valley remedial construction project.
2. The limit of this authorization is \$100,000 without further approval of the Board.

3. The Board approves the bidding of the project among the Urban Drainage and Flood Control District's approved list of contractors who specialize in this type of work.
