

## 2007 Cherry Creek Stewardship Partners Annual Conference

## Conference Story

- ❖ Satisfies Education & Outreach (Program 1) and Public Participation (Program 2) measurable goals for MS4 Permits
- ❖ Consistent emphasis on Water Quality sessions which helps satisfy MS4 Permit Training measurable goals for Site Controls (Program 4 – GESC) and Permanent Controls (Program 5)
- ❖ Other sessions emphasize watershed 'Quality of Life', like basin recreational opportunities, open space resources, and trails
- ❖ Annual opportunity to update interested parties on what the Cherry Creek Basin Water Quality Authority is doing to meet the chlorophyll-a standard and phosphorous goal at the Reservoir
- ❖ Luncheon Award Ceremony recognizes leaders in the watershed and stewardship champions

## Overall Goal for this year's conference: Effective Projects

What that means:

- ❖ Evaluating all the funding sources for a project, from seeking out new sources of funding to utilizing free volunteer labor
- ❖ Using the latest criteria for water control, waterway protection, and re-vegetation during & after construction
- ❖ Optimizing permit approval from the different agencies
