RESOLUTION 11-14

(Authorization for Additional Funding for Construction of Stream Stabilization Measures  
Along West Toll Gate Creek at Fox Hill Park)

WHEREAS, West Toll Gate Creek has eroded vertically and horizontally resulting in steep banks in an area of Fox Hill Park adjacent to playground equipment and residential property, creating a hazard to life and property; and

WHEREAS, Resolution 10-47 established the total project funding for the proposed improvements at \$547,488.11, and awarded a contract in the amount of \$324,560.10 to Naranjo Civil Constructors, Inc. for the construction of stream stabilization measures to alleviate some of the existing bank stabilization problems in Fox Hill Park; and

WHEREAS, SEMSWA staff has recently become aware of an additional severe bank stabilization problem on West Toll Gate Creek approximately 150 feet upstream of the ongoing construction authorized by Resolution 10-47; and

WHEREAS, a design has been prepared for improvements to address this additional problem; and

WHEREAS, SEMSWA can realize cost savings in the construction of the improvements necessary to address this additional bank stabilization problem, if the work is performed by Naranjo Civil Constructors, Inc. while they are still actively working on the site; and

WHEREAS, SEMSWA has received a proposal in the amount of \$38,054.35 from Naranjo Civil Constructors, Inc., based on the unit prices in their existing contract, to perform the additional work; and

WHEREAS, it is typical to budget the bid amount plus an additional ten (10) percent to cover contingencies that may be encountered during construction; and

WHEREAS, the total cost of the additional stream stabilization measures including a ten (10) percent contingency is \$41,859.79; and

WHEREAS, SEMSWA has adopted a budget for calendar year 2011 subsequent to public hearing, which includes sufficient funds to address the additional bank stabilization problem described above.

NOW, THEREFORE, BE IT RESOLVED THAT:

1. The available funding for the installation of stream stabilization measures along West Toll Gate Creek in Fox Hill Park is increased by \$41,859.79.
2. The maximum funding for the project is limited to \$589,347.90 without prior approval of the Board.
3. The Executive Director is authorized to enter into a contract amendment with Naranjo Civil Constructors, Inc. on behalf of SEMSWA for the construction of the additional work.
