Subject: WM Curbside, LLC "At Your Door Special Collection" Program Parameter and Pricing Changes

Dear Lanae,

The following program parameter and price changes for the program in 2012 are as follows:

2012 PROGRAM PRICE INCREASE EFFECTIVE JANUARY 1, 2012:

- Per Stop Price – HHW \$107.00
- Drop-off Price – HHW \$102.00
- Per Stop Price – Motor Oil/Latex Paint Only \$ 95.00
- Drop-off Price – Motor Oil/Latex Paint Only \$ 90.00

In addition, WM will also accept "Limited Quantities Electronic Waste" from residents that also have HHW, one (1) TV (any size) OR one (1) computer system (consisting of a CPU, Monitor, Desk Top Printer, Keyboard and Mouse). All other materials may be collected for an additional fee paid for by the resident. No substitutions allowed.

In addition, WM will also accept "Sharps" (needles/syringes and lancets) packaged in sealed puncture resistant plastic containers (sharps container, milk jug, antifreeze jug, 2-liter coke bottle or similar container). The containers **must** be sealed inside the collection kit bag with the HHW for collection. This collection program is not designed for medical professionals (home or office based). It is at SEMSWA's discretion to limit the number and or size of sharps containers collected.

Please contact me if you have additional questions or concerns. Thank you again for your continued patronage and for allowing Waste Management to serve the City of Centennial and Unincorporated Arapahoe County and its residents.

Sincerely,

Michael Gayer  
Senior Operations Manager
